Shipley, rolling for the Navy Yard in the Departmental League, had the highest set registered in the bowling circuits last night. There were several better games than Shipley's highest, but his work was more consistent than any other's. The score made by Shipley in his first was 118; in his second he raised the mark to 120, but fell to 114 in his last. The set totaled 352, for an average of a fraction over 117.

The best match of the evening took place between the Goodfellows and the Holmeads of the Arcade League. The latter won, taking all three games. The first two were won by close margins, but the last was a walkover. The scores were 225 to 218, 210 to 201, 223 to 44. The scores for the sets were 1,558 and 1,404. A feature of the match was that three men got exactly the same number of pins in their sets. Joffe, Burling and Roberts each knocked down 319 pins. Burling had the highest game—120—but the other two men rolled more than 100 in each of theirs. Burling's other scores were 104 and 91. Joffe made 101, 110 and 105, while Roberts had 101, 107 and 111.

Star and W. & L. Win.

Two matches were bowled in the Commercial League. The Woodward & Lothrop five got two out of three from the Hoke & Co. quint, while The Evening Star beat the William Hahn team by the same margin. Ford led the Woodward & Lothrop five with an average of 167, for which he had scores of 110, 161 and 116. Schofield, rolling last for the Hahn five, had a better average than any other man of the four teams. He scored 121, 103 and 108 in his three games, for an average of 111. Crampton headed the Star men with an average of 102, having scores of 105, 92 and 104. Burhans had a game of 115.

Roll Good Games.

The Altamonts of Southwestern League and the Royals of the District League had the best games for teams. The former scored 324, while the latter got 336. Mack had the highest marks of any members of the Altamonts. His scores were 108, 106 and 118. Rider led the Royals, with 107, 105 and 114. Carroll had the high game mark for the Royals, 125. Robert H. Heath \$5 The Mode Says—

ONE wants one thing; another wants something else—but all ideas focus on Mode makemanship. If it's the English cut—you want it as the Mode offers. If the Conservative styles—you want that refined smartness we put into our moderate models. This concentration of diverse notions means that we carry a complete line in each of our grades of Suits and Overcoats—

- the Suits from \$20 to \$40.
- the Overcoats from \$20 to \$65.

Such a reputation as Mode Clothes have come only one way—through the personality of our service.

We think Skipworth and Asquacutun of London create some very effective models in Overcoats—so good that we import the best from each. That's another link in our complete provision for you.

OFFERS McFARLAND BOUT.

Western Promoter Makes Offer to Meet Jack Britton. CHICAGO, October 31.—Jimmy Rowan of Oakland, Cal., wants to obtain Packey McFarland for a twenty-round match in the city on Thanksgiving day. The western promoter would pit the Chicagoan against Jack Britton. Rowan claims he already has Britton and asks Packey's terms. McFarland does not like the twenty-round route and while he did not make a flat statement that he would not accept, he said he doubted whether Rowan could pay him his price.

Mike Gibbons put to rest all hopes of a match between him and Packey. Mike passed through here Tuesday night and when confronted with McFarland talk asserted: "There is only one chance for us to fight, that McFarland will agree to 145 pounds. He says his best is 142, a weight I can make, but will not risk the danger to my health."

WILL DISCUSS REFORMS.

Treasury Plans Completed for Conference With Revenue Collectors. Preparations practically have been completed for the conference of collectors of customs called by Secretary McAdoo to meet at New York during the week beginning November 3, for the purpose of discussing reforms in the customs service. Every customs district in the United States, Alaska, Hawaii and Porto Rico will be represented. It is expected that sixty-five officials will attend. Secretary McAdoo and Assistant Secretary Hamlin, in charge of customs, will address the meeting of collectors, which will be called to order by Mr. F. M. Halstead, chief of the customs division in the Treasury Department. The conference will consider means and methods of bringing about greater efficiency and economy in the customs service. It is believed by the department that many improvements can be made and economies effected in the entire system by co-ordinating methods, but eliminating duplicated work and by making the administration uniform throughout the country. Collectors, in response to the request of the Secretary, already have submitted a number of questions to be considered at the meeting.

MACK KEEPS MOUND ARTISTS IN TO END PHILADELPHIA, October 31.—Not once in four world's series the Athletics have entered under Connie Mack has one of his pitchers been knocked out of the box. It has been calculated from the records of the games. Altogether in 1905, 1910, 1911 and 1913 the team was in twenty-one world's series games. In the fifth game of the 1911 series Combs was injured and supplanted by Flannery, but that was the only change made, and at that Combs was not knocked out. But in every series the Athletics knocked several opposing pitchers off the mound, five changes being made by the Giants in the 1913 series alone.
